## ADMISSION PROCESSES

In order to be admitted into program, applicant must follow the steps below:

### Step 1: Filling out Application Form

To apply online, applicants must follow this link

<http://form.jotform.com/212209108193449> and complete the required information accurately. And then upload:

- All required documents (PDF files)
- A current passport-size photo (4\*6) with white background (PNG/ JPG);
- A 3-minutes video in English (MP4 file and copy & paste the link).

\*\*\* After submitting application, applicant will receive a notification on application status via email.

### Step 2: Entrance exam

After screening the applications, the CamTech Selection Committee makes decision to select potential applicants for further proceeding. Only the shortlisted applicants are required to take an online entrance exam.

Those who enroll in the Faculty of Engineering, Faculty of Applied Science, and Faculty of Sustainable Built Environment will be invited to take exam with two subjects, including English and Mathematics. The exam takes 90 minutes for each subject.

Those who enroll in the Faculty of Arts, Humanities and Social Science, and Faculty of Business and Management will be invited to take only English exam. The exam takes 90 minutes.

However, the English exam can be waived if the applicant:

- holds a valid TOEFL iBT score of 60, IELTS score of 5.5 on the overall band, or if he/she is an English native speaker;
- has attended the previous school which is well recognized and the classes were conducted in English as a medium of instruction; or
- has a certificate of English proficiency from the school where CamTech can evaluate and accept it.

\*\*\* The exam result will be informed to applicants by email within 7 working days.

### Step 3: Interview

Only the applicants who passed the entrance exam will be invited to get an online interview. The interview takes 15 minutes.

- The final decision is made by CamTech Student Selection Committee;
- The interview result will be informed to applicants by email within 7 working days;
- A Letter of Admission will be issued to the successful applicants by email.

---

## ACADEMIC INFORMATION

### 1) Admission Criteria

In order to be admitted into the program at CamTech, applicants must submit the following requirements:

#### ❖ **Local students:**

- High school certificate (min. grade D) certified by recognized authority;
- Those who enroll in the Faculty of Engineering, Faculty of Applied Science, and Faculty of Sustainable Built Environment, the grade in Mathematics must be C (minimum);
- Certificate of English proficiency (if any available);
- Any of these: Birth Certificate, valid National Identification Card, or valid Passport;
- A current passport-size photo (4\*6) with white background;
- A 3-minutes video. The video must be in English which includes:
  - 1) Self-introduction
  - 2) What is your major or majors of interest? Why did you select this major?
  - 3) Why should the committee select you?
  - 4) What are the advantages and disadvantages of online learning? Any suggestions to improve online learning?

#### ❖ **International students:**

- Original high school certificate with transcript (min. grade D);
- Those who enroll in the Faculty of Engineering, Faculty of Applied Science, and Faculty of Sustainable Built Environment, the grade in Mathematics must be C (minimum);
- A recommendation letter from the school principal or a teacher;
- Passport with six months validity to the day arrival in Cambodia;
- Certificate of English proficiency for non-native English speakers (if any available);
- Health certificate (no longer than 6 months);
- A current passport-size photo (4\*6) with white background;
- A 3-minutes video. The video must be in English which includes:
  - 1) Self-introduction
  - 2) What is your major or majors of interest? Why did you select this major?
  - 3) Why should the committee select you?
  - 4) What are the advantages and disadvantages of online learning? Any suggestions to improve online learning?

#### ❖ **Note:**

- All required documents must be in English. If the original documents are not in English, they must be translated into English and certified by a recognized institution.
- High school certificate can be submitted later when it is required for taking the entrance exam.

## 2) Major of Study

CamTech offers a number of majors of study for Bachelor's Degree program. If you are interested in pursuing a degree in any major, you may find the detailed information on the offered programs provided in the respective faculty. For more details, please visit the respective faculty.

## 3) Academic Terms

There are three terms per academic year, and two intakes that new students can apply for admission. The dates are subject to change.

| Terms                      | Term Periods |             | Application Periods             |             |
|----------------------------|--------------|-------------|---------------------------------|-------------|
|                            | Starts       | Ends        | Opens                           | Closes      |
| Term I (A)                 | 11 Oct 2021  | 21 Jan 2022 | 02 Aug 2021                     | 18 Sep 2021 |
| Term II (A) & Term I (B)   | 01 Feb 2022  | 13 May 2022 | 01 Nov 2021                     | 15 Jan 2022 |
| Term III (A) & Term II (B) | 23 May 2022  | 02 Sep 2022 | No application for new students |             |
| Term III (B)               | 12 Sep 2022  | 23 Dec 2022 | No application for new students |             |
| New Term I (A)             | 17 Oct 2022  | 03 Jan 2023 | 01 Jun 2022                     | 17 Sep 2022 |

## 4) Study Sessions

- Morning : 8:30 am – 11:30 am (Monday – Friday)
- Afternoon : 1:30 pm – 4:30 pm (Monday – Friday)

## 5) Tuition Fees

The tuition fees vary based on the chosen major of study in the respective faculty. Students can pay for a term, a year, or the whole program (three terms per academic year). The payment is made via the bank account provided.

| No. | Faculties                           | Tuition Fee |         |          | Tuition Fee/ year | Total Tuition Fee (4 years) |
|-----|-------------------------------------|-------------|---------|----------|-------------------|-----------------------------|
|     |                                     | Term I      | Term II | Term III |                   |                             |
| 1   | Engineering                         | 1334\$      | 1334\$  | 1334\$   | 4000\$            | 16000\$                     |
| 2   | Built Environment                   | 1334\$      | 1334\$  | 1334\$   | 4000\$            | 16000\$                     |
| 3   | Applied Science                     | 1334\$      | 1334\$  | 1334\$   | 4000\$            | 16000\$                     |
| 4   | Arts, Humanities and Social Science | 1167\$      | 1167\$  | 1167\$   | 3500\$            | 14000\$                     |
| 5   | Business and Management             | 1167\$      | 1167\$  | 1167\$   | 3500\$            | 14000\$                     |

**Other fees:**

- Students have to pay 100\$ per year for the administration fee. With this fee students will be provided with free internet, library services, and student ID card per annual.
- The study materials and other expenses will be covered by students.

**6) Scholarships**

In this academic year 2021-2022, CamTech offers a number of full and partial scholarships to the talent high school graduates and early year university students. The scholarships cover the tuition fee for the whole program based on the categories as below:

| Full Scholarship    |                             |                | Offered Majors of Study                                                                                                                                                                                                                                         |
|---------------------|-----------------------------|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| No.                 | Category                    | No. Allocation |                                                                                                                                                                                                                                                                 |
| 1                   | Women in STEM Scholarship   | 10 slots       | 1. Robotics and Automation Engineering<br>2. Data Science and Artificial Intelligence Engineering<br>3. Cyber Security<br>4. Architecture<br>5. Interior Design<br>6. Educational Technology                                                                    |
| 2                   | Regional Equity Scholarship | 10 slots       |                                                                                                                                                                                                                                                                 |
| 3                   | General Scholarship         | 15 slots       |                                                                                                                                                                                                                                                                 |
| Partial Scholarship |                             |                | Offered Majors of Study                                                                                                                                                                                                                                         |
